**Kentucky Regional Junior Chef Team winners  
will demonstrate their cooking skills before  
competing at the Kentucky State Fair.**

This Kentucky Department of Agriculture program is a statewide high school cooking competition designed to offer youth the opportunity to learn valuable skills in recipe development, food preparation, marketing, public presentation, organization, teamwork and community involvement. Additionally, the program will stimulate interest in local agriculture, create a nontraditional market for Kentucky producers, increase quality of products available to school cafeterias, and ultimately increase consumption of produce by Kentucky's students.
