

A BAD DEAL IN DISGUISE: TYPES OF SCAMS

SCAM-O

Supplies needed for this activity:

- Printed bingo cards
- Pens, pencils, markers, or ink daubers for marking off squares. Alternately you can use items such as plastic bingo chips or candies to cover squares. If available, you might use Valentine conversation hearts to reference the Romance Scam.
- Small prizes for winners (optional)

Instructions:

This file includes twenty unique bingo cards. Print copies as needed for attendees, give one card to each attendee. If available, have small prizes on hand to distribute to winners. You may award prizes to the first several to get a bingo (four squares in a straight or diagonal line), or you may wish to have a prize for everyone if possible, as eventually everyone will bingo. By the end of the full presentation, everyone should have completed a “coverall” (all squares marked off).

NOTE: To use SCAM-O with a mail-out lesson, send one bingo card along with the publication and other materials to each member. In a letter or note, ask members to mark the scam types off of the SCAM-O card as they read the publication. If you choose, you may have members turn in their completed card either in person or by submitted photo for an optional prize or local coupon.
